Just got off the phone with Jimmy McCranie's mother. She said the ATF showed up at her son's trailer this morning and intimidated Jimmy's wife into opening the door. The first thing they did upon entry was yank the phone line out of the wall.... telling her she wouldn't be making any calls. They also shoved her around a little. The ATF searched the entire trailer, including the children's bedrooms. Additionally, they made his wife raise her shirt to prove she didn't have any concealed weapons.

Jimmy was not in the trailer. His mother assumes he was picked up at his job. He is being held at the Dublin County Correctional Facility, in Dublin, Georgia.

His bond hearing is supposed to occur on Monday at 9:00 AM. The location has not yet been determined.
